

rot ATTIVO

KAYAK CANOE

ROTO's headquarters is in the Slovenia. The company employs more than 450 people and had revenues of €40m in 2017. Production is organized in 6 locations in four countries. ROTO exports more than 70% of its products to 52 markets around the world. Run by the Pavlinjek family, the company has built a global reputation for the quality of its products.

ROTO manufactures more than 4,000 different products. Many of them are made using rotational molding. Indeed, ROTO is one of the market leaders in its industry. It has been responsible for many innovations in plastic-molding technology during the last 45 years and has worked closely with universities, institutes and plastics industry associations.

The company's main production segments are products for agriculture, ecology, gardening

and sport. Using plastics composites and the latest production technologies, ROTO also makes kayaks, canoes and high-performance boats.

Manufacturing as a custom molder, ROTO serves a wide variety of industry sectors, including construction, automotive, nautical, logistics, aquaculture and agricultural machinery. Its custom- molded products include fuel and water tanks for motorcycles, tractors, trucks, sailing boats and motorboats, caravans and motorhomes, and components for many different machines.

ROTO works to increase its products' value by enhancing their design, intelligently using materials and modern production technologies, and ensuring a high-quality nish. The company also takes great pride in its after-sales service.

Back to the Nature

Soča is a 137-kilometre long river that flows through western Slovenia and east Italy. An Alpine river in character, its source lies in the Trenta Valley in the Julian Alps. Soča is one of the most beautiful rivers in Europe, an important natural treasure in the Triglav National Park. It is famous for its deep emerald colour and brisk rapids in the upstream area. The Soča River is a veritable paradise for water sports enthusiasts, particularly fans of kayaking and fishing, as well as photographers and people looking to relax in natural surroundings.

Visit Slovenia and discover Soča.
